

Supplication for the swift return of Jetsun Kunsang Kacho Wangmo

Om Swasti

By the fierce power of your previous generation of wondrous bodhicitta
The great dance of the Dakini Lekyi Wangmo
Appeared as glorious enlightened activity in Eastern Tibet.
Great Venerable Lady, please swiftly return to manifest again.

Here at this time of beings with little merit
By your great compassion rise above weariness
And from the vast expanse of the all-positive great bliss
Do not neglect your commitment but swiftly return.

Though temporarily to disciples you demonstrate impermanence
And your emanation has merged into the expanse of Khechara,
Like the full moon in a cloudless sky
Lady who prevails over beings, please reveal the moon of your face.

By the power of the truth of the Lama who embodies the three jewels, all sources of refuge
And the power of the truth of infallible interdependence,
By the enlightened activity of Achi Chokyi Dolma
May this aspiration of true words be swiftly accomplished.

This was composed by the one blessed with the name Gyalwa Drikungpa, Konchog Tenzin
Kunsang Trinle Lhundrup on the first day of the eleventh lunar month in the fire-pig year.
